Sir:

**COMMUNICATION**

Applicant files herewith this Communication in response to Examiner's Miscellaneous Communication mailed June 23, 2006.

Applicant submitted an IDS on May 3, 2006 – one day before the Examiner mailed a Notice of Allowance in the present application. The IDS indicated that two US Patent references and 8 Office Actions and Responses in other Applicant's applications were submitted for the Examiner's consideration.

Applicant submitted these references together with the IDS paper work via facsimile; however, in subsequently reviewing the image file wrapper, Applicant noticed that not all the Office Action and Response were properly uploaded to the image file wrapper.

Applicant received the Miscellaneous Communication from the Examiner dated June 23, 2006. In that Miscellaneous Communication, the Examiner noted that the IDS submitted May 3, 2006 had been fully considered and that the SB08 forms had been fully initialed as considered by the Examiner

Applicant telephoned the Examiner to discuss the Miscellaneous Communication and the Examiner noted that, even though the image file wrapper was not complete with the submitted Office Actions and Responses, that the Examiner had retrieved these documents from his internal access and reviewed and considered the Office Actions and Responses fully. The Examiner also indicated to Applicant that – having fully considered the IDS – the Notice of Allowance dated May 4, 2006 stands in effect.

Applicant therefore submits, together with this Communication: (1) the Issue Fee Payment and (2) copies of the Office Action and Response that were submitted with the IDS on May 3, 2006. Even though Applicant believes that there is no further action required on the part of the Examiner (having fully considered the Office Actions and Responses), Applicant submits these Office Actions and Response merely for the completeness of the image file wrapper itself.
